

12 volt solar battery tender

What is a solar battery tender?

Thankfully, there is a simple solution to your battery draining problems and that is a solar battery tender. A battery tender, or maintainer, is designed to maintain your vehicle's battery at the optimum charge so that your car is ready to go whenever you are.

What is a 12V solar battery charger?

Ideal for RVs, boats, and remote power needs, these chargers harness the sun's energy for continuous power. Our 12V solar battery chargers provide an eco-friendly way to keep your batteries powered. Ideal for RVs, boats, and remote power needs, these chargers harness the sun's energy for continuous power.

What is the voltage of a Battery Tender Plus?

The Battery Tender Plus is a 12V - 1.25A battery charger. It is designed to fully charge a battery and maintain it at proper storage voltage without the damaging effects caused by trickle chargers. Included is a quick connect harness for hard to reach areas.

What is a battery tender?

A battery tender, or maintainer, is designed to maintain your vehicle's battery at the optimum charge so that your car is ready to go whenever you are. With a solar-powered battery tender, you can maintain your charged batteries in an eco-friendly way that will also save you money in energy costs.

Why should you choose a solar battery tender?

It also comes with multiple mounting options such as suction cups to attach to the inside of the windshield or on the dash. One of the biggest benefits of choosing a solar battery tender is portability. You can charge your vehicle's battery anywhere you want as long as there is sunlight.
