Depending on your budget and requirements, choose from brand new genuine, aftermarket or refurbished / rebuilt hybrid batteries for your Toyota Camry. Also check out our hybrid battery replacement services for a quality, seamless battery replacement. Bring your Toyota Camry into our shop for a replacement or let us come to your place.

Does exclusively hybrid sell hybrid batteries?

At Exclusively Hybrid we sell brand new and refurbished Camry hybrid batteries for Camry models 2007 to 2017 at a fraction of the cost of the dealership. We also sell hybrid batteries for the Toyota Prius Hybrid, Toyota Highlander Hybrid, and Toyota Avalon Hybrid. Shop the best Camry hybrid batteries today and save.

Do hybrid batteries come with a warranty?

Every hybrid battery pack comes with our platinum nationwide warranty. These batteries won't be on sale for long. Due to the high demand for this part, we require customers to call before ordering. This will ensure availability for your vehicle, calculate shipping, confirm core details, and secure your order.

Do hybrid batteries go bad?

When you go to get your hybrid batteries evaluated, many mechanics will simply replace a few bad cells and send you on your way. This is a short-term solution but a poor long-term solution. Not all cells fail at the same time meaning you'll return to the mechanic each time a few go bad.
