

3dr solo battery connector

For a project we're working on, we bought a bunch of connectors for the 3DR Solo Battery Power contacts (we don't need the signal portion). Since the minimum order ...

For semi DIY, send in your old Solo battery (or remove the BMS and send it) and we will extract the BMS and install the BMS into an optional enclosure with all soldered on standard ...

It's easy to solder on XT60, charger cables, or other connectors right on the main connector. The XT60 is there just for illustration purposes, it's easy to solder on most of the typical connectors ...

For a project we're working on, we bought a bunch of connectors for the 3DR Solo Battery Power contacts (we don't need the signal portion). Since the minimum order quantity was larger than we needed, we ...

This topic specifies the charging interface to the Solo battery (this is needed if you want to build chargers, charging pads, etc). See the Battery Bay page for information needed to develop ...

For Solo it can be used to plug a common off the shelf 4S or 5S battery (XT-60) into a 3DR Solo and have battery telemetry as the Solo normally would. (Yes 3DR Solo flies fine on 5S with the ...

I would like to share my experience with building a custom LiIon battery for 3DR Solo and have correct battery % display on the App and Artoo controller. My goal was to build ...

We all know the battery connector is hard to come by in reasonable quantities and prices, so I whipped this up. Forgive my sloppy solder job. The top and bottom of the main ...

By exploring the intricacies and operation of the 3DR Solo controller battery pinout without explicitly naming it, we gain a deeper understanding of its inner workings.

We recommend you enclose your power solution using the battery bay envelope, as this correctly implements the required mechanical interface points. The battery bay envelope CAD file can ...

For Solo it can be used to plug a common off the shelf 4S or 5S battery (XT-60) into a 3DR Solo and have battery telemetry as the Solo normally would. (Yes 3DR Solo flies fine on 5S with the Stock gimbal and GoPro) There are 2 PnP ...
