

A600 solar battery

For continuous charging 2.28-2.32 V per cell @ 20c (68F). The charging voltage must be compensated according to the data supplied with the battery for continuously different ambient ...

The electrolyte is fixed in gel, what guarantees the battery to be completely maintenance free. In contrast to conventional batteries, this type offers the advantage of an horizontal mounting. The required room for the battery system ...

Sonnenschein A600 SOLAR is a premium range, developed specifically for applications where cycling is required. It has extraordinary energy-saving features in addition to robust reliability, ...

Sonnenschein A600 Solar Battery. Sonnenschein A600 SOLAR batteries are developed for medium to large solar powered applications and has proven its reliability in tough cyclic appl

Sonnenschein A600 Solar Battery Exceptional cycling performance - 3000+ cycles* at 60 % Depth of Discharge C10 Dryfit Gel - VRLA technology Lowest energy consumption - saving ...

Sonnenschein A600 Solar Battery Exceptional cycling performance - 3000+ cycles* at 60 % Depth of Discharge C10 Dryfit Gel - VRLA technology Lowest energy consumption - saving costs Strong tubular plate technology - for ...

The electrolyte is fixed in gel, what guarantees the battery to be completely maintenance free. In contrast to conventional batteries, this type offers the advantage of an horizontal mounting. ...
