

Aldi solar and battery package

Does Aldi have a solar system?

Tempo Group has long supplied Aldi with cheap electronics, and is partnering with the German supermarket company to launch Aldi Solar: an "all-inclusive package from \$7,999*" that includes 6.08kW of Altius rooftop solar panels, a 5kW hybrid inverter and a 5.1 kWh battery -- all fully installed.

Does Aldi offer a solar & battery package?

The Aldi solar and battery package is being offered through a partnership between Aldi and Tempo Group, which already supplies the supermarket chain with its low-cost TVs, consumer electronics and appliances.

Does Aldi sell solar panels in Melbourne?

Aldi is shaking up the home solar market with a new, Melbourne-only offering. The multi-national, ultra-cheap retailer is now marketing a solar and battery package that includes 6kW of solar panels, a 5kW hybrid inverter and a 5.1kWh lithium ion phosphate (LiFePO4) battery, all for the princely sum of \$7,999 - inclusive of installation.

Does Aldi offer solar panels?

Unlike most other solar deals, the Aldi offer includes both panels and a backup battery with customers able to get access to bespoke software and professional installers, who have been specifically chosen because of their knowledge of electrical systems and are skilled in solar installations.

How much does a 5kw battery cost at Aldi?

Spotted the above when going into my local Aldi this afternoon - and found this link Fully installed, 6kw panels, 5kw Hybrid inverter, 5kw LiFePo4 battery \$7,999 - installed by a partner. mf3106 writes... Fully installed, 6kw panels, 5kw Hybrid inverter, 5kw LiFePo4 battery \$7,999 - installed by a partner.
