

Beats solo 2 battery replacement

Can I Return my Beats Solo 2/3 battery?

We accept returns within 30 days of receipt. This Beats Solo 2/3 replacement battery is what you need to bring your dead wireless headphones back to life! Battery degradation is an inevitable part of your wireless headphone's lifespan -- extend it with this replacement battery compatible with the Beats Solo 2 or 3.

Why are my Beats Solo 2 wireless headphones not charging?

Beats Solo 2 Wireless Headphones can fail to charge any longer and may only work when connected to a charger. At this point you will need to replace the battery of the headphones. The battery can start to improperly work after damage or age has affected it. This can end up having the battery cause an electrical fire if not replaced.

How do I reassemble my Beats Solo 2 or 3?

Place your replacement battery and plug it into the mainboard. Plug in the replacement battery and put it in the original spot. (From: YouTube/Joe's Gaming & Electronics) Reassemble your Beats Solo 2 or 3. Re-assemble the parts and make sure the case clips back in nicely. (From: YouTube/Joe's Gaming & Electronics)

How much does a beats battery repair cost?

Chances are, if you've had Beats wireless headphones before, you may have busted the battery of a few pairs. This could have led you to spend at least \$59 and wait for 3-10 business days for each Beats battery repair. That's ridiculous, considering you can get the replacement battery for as low as \$10 on Amazon!

Do Beats headphones have a faulty battery?

However, if the methods above won't work, chances are your Beats headphones have a faulty battery. You can confirm this by checking if battery levels have changed post-charging using your smart devices. For this, you need to pair your Beats headphones to check their battery.

How do I change the battery on my Beats headphones?

First-gen Beats headphones use two regular AAA batteries, so swapping them out should be easier than newer models. Follow these steps to do so: Find the left speaker of the headset. It's the one that doesn't have the power button. Rotate the cover counterclockwise with your fingers to loosen and remove the battery cap.

Our AEC353535 battery is sent out with little or no power, so please charge it for about 6-12 hours before using. Please make sure to fully charge and discharge your new battery 3 to 5 cycles.
