

Best rated solar battery charger

What is the best portable solar charger?

The Allpowers SP012 Solar Panel 100W is the best portable solar charger for anyone who needs to keep their gadgets charged and stay connected during a power outage or off-grid adventure.

Which solar charger should I Choose?

To ensure we can stand reliably by our choices, we tested out multiple solar chargers ourselves: the EcoFlow Bifacial Foldable Solar Panel, Goal Zero Nomad 5 Solar Charger, and BioLite SolarPanel 10+ Solar Charger. We gauged each not just on its power (which obviously differed based on the model), but their versatility, durability, and portability.

Should you buy a portable solar battery charger?

A portable solar battery charger is a great option if you're taking an extended camping trip or traveling somewhere with an unreliable power grid, as it'll allow you to charge a phone the size of an iPhone 15 using just a few hours of midday sun.

Which solar charger is best for camping?

The FlexSolar 40W's six panels are quite easy to fold up. The Allpowers SP012 100W is the most portable 100-watt solar charger for camping we've found. This model folds up like a blanket to a size small enough to fit in a backpack. You can fit this solar charger into your trunk, with plenty of room to spare for all your gear.

Are solar chargers good for small electronics?

Solar chargers can translate the sun's energy directly into power for small electronics. Whereas larger solar panels require a power station to play intermediary (lest you burn up your electronics), these smaller panels have just the right amount of kick for the likes of a smartphone or satellite messenger.

Which solar panels are best for charging your devices?

The kickstand is made with a thin, centered style that adjusts up to 180 degrees, making it great for sliding on a backpack loop for charging your devices as you walk (but be careful--solar panels get hot!). EcoFlow's Bifacial solar panel stands as the best option for heavy-duty charging.

We found the best portable solar chargers to keep your mobile devices, flashlights, and battery packs charged and ready for camping, travel and emergency use.
