

Change battery in casio edifice solar

How do I replace the battery on my Casio solar watch?

Slide the new battery (available at any electronics store or online) into the compartment and place the metal bar over it. Replace the battery cover and reassemble your Casio solar watch in the reverse order you took it apart.

How do I replace the battery in my Casio Edifice?

The battery in your Casio Edifice is held in place by a metal battery strap. Insert the tip of a pair of small nail tweezers into the clasp on one side of the battery strap to release it. With the battery strap out of the way, you can easily remove the spent battery and replace it with a new one.

How to repair a Casio Edifice watch?

Replacing the battery in your Casio Edifice wrist watch is a quick and easy watch repair. Start by selecting a clean, flat work surface like a desk or table; make sure to give yourself plenty of room. Accidentally scratching the face of your watch during repairs is common.

How do you put a Casio Edifice back together?

Putting your watch back together again is just as simple. Reverse the process by pushing on the metal battery strap to click it back into place. Return the protective round rubber disk to keep your Casio Edifice water resistant. The final step is to replace the watch's back cover.

How do I protect my Casio Edifice from scratches?

Accidentally scratching the face of your watch during repairs is common. Protect your Casio Edifice watch face from scratches by laying it face down on an optical cleaning cloth while you replace its battery.

How do I remove the back cover of my Casio solar watch?

Turn your Casio solar watch face-down to reveal the back plastic cover that is secured in place with six small screws. Some Casio models have two screws on either side of the watch face as well. Remove all the screws securing the back cover with your Phillips head screwdriver. Remove the screws on the side of the watch if applicable.
