What are solar outdoor pathway lights made of?

They're made from durable plastic, and the clear shades look like glass. If you're looking to position lights among ground cover or low-growing bushes, you'll likely need taller solar outdoor pathway lighting, and the lights in this set are a stately 24 inches high.

Are solar-powered Christmas lights a good idea?

They're a great way to keep your home in the festive spirit without bulky and unsightly extension cords or having to replace batteries throughout the holiday season. Our solar-powered outdoor Christmas lights also rely on energy from the sun, so you don't have to worry about them adding to your electric bills.

What are the best solar pathway lights?

Made from rust-resistant steel and featuring thick glass light shades in an attractive diamond pattern, the Beau Jardin solar pathway lights earned our top spot in the lineup due to their long-lasting walkway illumination.

How do I set up a solar powered Christmas light?

Set them up at the beginning of the season and forget about them until spring. Hang them from your house, patio, mailbox, or fence! All of our solar powered Christmas light packages come with a ground stake for the solar panel, or the panel can be mounted along a roof line or wall.

What size solar outdoor pathway lights do I Need?

If you're looking to position lights among ground cover or low-growing bushes, you'll likely need taller solar outdoor pathway lighting, and the lights in this set are a stately 24 inches high. We tried out several locations, and in each one, the Alfio lights cast a pleasing, warm glow on the surrounding area.
