

Deka solar 8g31 sealed gel cell battery

What makes Mk / Deka solar batteries different?

Advanced American Technology and the use of the most modern computer-aided design and manufacturing techniques combine to make MK /Deka Solar batteries the standard by which all other solar batteries are measured. Our Solar VRLA Sealed Batteries are the best the PV /Solar Battery market has to offer. About MK Battery

What is the size of MK 8g31-deka battery?

8G31-DEKA Series Sealed GEL Manufacturer MK Battery /Deka Mechanical Type Sealed Gel Dimensions 12.93" x 6.75" x 9.34"; Weight 70 lbs Shipping Method Freight Nominal Voltage 12 V Rated Capacity (20 Hour Rate) 97.6 AH Documentation Data Sheet MK Battery 8G31 DEKA Warranty

What type of batteries is the Deka 8G27 a direct replacement for?

The Deka 8G27 (8G27M) is a direct replacement for any group 27 lead-acid, GEL, or AGM batteries. These are manufactured by East Penn Manufacturing who also manufactures batteries under the name MK Battery.

Why should you choose Mk 8g31-deka solar valve- regulated gel monobloc?

The MK 8G31-DEKA Solar Valve-Regulated GEL Monobloc series offers reliable, versatile, maintenance-free power. The thixotropic gel enables these batteries to be completely spillproof providing many available options for installation. The gelled electrolyte gives more protection to the battery plates, and is better suited for deep cycle discharge.

What is a Deka 8a31dtm battery?

The Deka 8A31DT (8A31DTM) is an American made AGM (absorbed glass-mat) deep cycle battery. The AGM technology allows for a completely sealed maintenance-free battery with no sulfuric acid leaks, no acid clean up, and more power in the same space when compared to conventional batteries. It has an under 2% per month self discharge rate.

Why is the Mk 8g31-deka battery thixotropic?

The thixotropic gel enables these batteries to be completely spillproof providing many available options for installation. The gelled electrolyte gives more protection to the battery plates, and is better suited for deep cycle discharge. With longer discharge and less charging time, the MK 8G31-DEKA is ideal for many renewable energy applications.

The Deka 8G31 gel cell battery is a maintenance-free gel cell battery that combines true deep cycling ability with sealed, spill-proof construction. Made in the USA.

If battery is used in on-highway vehicles equipped with two-way radios (such as taxis, police, and emergency

Deka solar 8g31 sealed gel cell battery

vehicles), marine applications, off-highway use, and other non-automotive usage, free warranty replacement period will be 6 ...

MK Battery provides the highest quality and most environmentally responsible sealed battery solutions for specialized deep-cycle and standby power applications.

If battery is used in on-highway vehicles equipped with two-way radios (such as taxis, police, and emergency vehicles), marine applications, off-highway use, and other non-automotive usage, ...

Deka 8G31 (MK Battery 8G31-DEKA) Sealed Gel Battery, 12V, 97.6Ah, 69.5lb, G31, STUD Advanced American Technology and the use of the most modern computer-aided design and ...

Deka Dominator: A 12v battery gel type, ideal for starting, lighting, & instrumentation. Made in the USA with 97Ah capacity. Get it now at Solux.energy!

Advanced American Technology and the use of the most modern computer-aided design and manufacturing techniques combine to make MK Battery's Sealed Batteries the standard by ...

MK Battery Sealed Gel Battery - 8G31-DEKA - 12 Volt 97.6 Amp Hour o EcoDirect sells MK Solar Batteries at the lowest cost. Order Online or Call Us! 888-899-3509

8G31-DEKA Designed to provide reliable, long lasting back-up power for Photovoltaic (PV) and renewable energy applications where frequent deep cycles are required and minimum ...

The gelled electrolyte gives more protection to the battery plates, and is better suited for deep cycle discharge. With longer discharge and less charging time, the MK 8G31-DEKA is ideal for many renewable energy applications.

The MK Battery Deka 8G31-HST is a premium 12V sealed Gel deep cycle battery engineered for solar and renewable energy systems. With genuine gel technology and a maintenance-free ...

The gelled electrolyte gives more protection to the battery plates, and is better suited for deep cycle discharge. With longer discharge and less charging time, the MK 8G31-DEKA is ideal for ...
