

# Energy storage cabinet subsidy

Should energy storage be included in the electric grid?

Integrating storage in the electric grid, especially in areas with high energy demand, will allow clean energy to be available when and where it is most needed. As New York continues to invest and build a cleaner grid, energy storage will allow us to use existing resources more efficiently and phase out the dirtiest power plants.

How will energy storage impact New York?

Storage will increase the resilience and efficiency of New York's grid, which will be 100% carbon-free electricity by 2040. Additionally, energy storage can stabilize supply during peak electric usage and help keep critical systems online during an outage. All of this while creating an industry that could employ at least 30,000 New Yorkers by 2030.

Does Green Mountain Power offer energy storage?

In fact, Green Mountain Power offers a few different programs for energy storage: a bring-your-own-device program that provides a rebate for whatever battery you want to install, as well as a Tesla Powerwall Pilot program. Did you find this page helpful?

What is the energy storage roadmap?

In a nutshell, the Energy Storage Roadmap lays out a two-pronged approach to storage deployment. The first prong targets to deploy 3 GW of bulk storage by creating a new Index Storage Credit incentive which is expected to increase value for customers and bring long-term certainty for projects.

Why is energy storage important?

Energy storage is essential for creating a cleaner, more efficient, and resilient electric grid. Additionally, these projects will provide meaningful benefits to Disadvantaged Communities and Low-to-Moderate Income New Yorkers. Energy storage is essential to a resilient grid and clean energy system.

What is Governor Hochul's storage target for 2022?

In her 2022 State of the Union address, Governor Hochul announced her intention to double the state's storage target from 3 GW to 6 GW by 2030, with an interim target of 1.5 GW by 2025, of which 87% has already been awarded or contracted.
