

Energy storage industry conference speech epc

What is the EPC show?

Bringing together six leading conferences under one roof, the EPC show will unite 10,000+ engineering, construction, commissioning, supply chain, operations & maintenance professionals to show you how to deliver and operate major energy projects successfully in today's complex and challenging environment.

What is the Energy Storage Summit?

Please try again later. 2026 marks a defining moment not only for Europe's energy storage sector, but for the global energy transition as a whole. The Energy Storage Summit will spotlight the critical role storage plays in achieving net zero, while also addressing the challenges and opportunities shaping markets worldwide.

What standards does EPC power comply with?

Serving customers globally, EPC Power's products are certified to North American Standards (UL1741 /IEEE1547 /CSA 22.2) as well as Australian and European standards and grid codes (IEC /VDE) and quality standards including ISO 9001:2015.

Why should you attend the energy project conference?

Through a series of keynote speakers, panel sessions, presentations, workshops, and seminars you'll have the opportunity to hear from the best of the best in the energy projects industry, ensuring you'll walk away with the key knowledge you need to supercharge your project plans.

Where is EPC power located?

Founded in 2010, EPC Power is headquartered in San Diego County, California and has become the premier utility-scale inverter manufacturer in North America. In 2022, EPC Power opened a second factory in South Carolina, and we continue to expand rapidly with major multinational corporations brand-labeling our products worldwide.

Leverage EPC Energy's experience to take advantage of the benefits of commercial microgrids. Minimize downtime, decrease energy costs, and lower your business' carbon footprint. Speak ...

If you're passionate about shaping the future of the energy storage industry and want to connect with a global audience of industry professionals, we invite you to enquire about speaking today.

Join LNG Export leaders at the North America LNG Conference, June 16-17, 2026, in Houston. Engineering, operations, and solutions. Find out more!

2 · Last week, the EPC Energy team returned to RE+ 2025, the largest clean energy event in North
