What is the growth rate of the energy storage industry?

The energy storage industry recorded an annual growth rate of 5.69% with sustained market momentum of innovation, global demand, and clean energy policies. The market is valued at USD 288.97 billion in 2025 and is projected to reach USD 569.39 billion by 2034 with a 7.87% compound annual growth rate (CAGR) for 2025-2034.

What is the energy storage systems industry?

The energy storage systems industry by technology is segmented into pumped hydro, electro-chemical, electro-mechanical, and thermal. The energy storage systems reached USD 433 billion, USD 535.8 billion and USD 668.7 billion in 2022, 2023 and 2024 respectively.

Who are the top investors in the energy storage industry?

The top investors in the energy storage industry have collectively contributed more than USD 34.1 billion to the sector. Here's a breakdown of the leading contributors: Rabobank has supported 268 companies with USD 5 billion, supporting the expansion of large-scale energy storage like 420 MWh. KKR has deployed USD 4.4 billion into 11 companies.

Is energy storage a good investment?

The energy storage sector scales technologically and attracts decent investment activity. It undergoes an average investment value of USD 92.1 million per round. Over 10 280 funding rounds are closed to date, which indicates a consistently active funding pipeline.

How much money did energy storage systems make in 2022?

The energy storage systems reached USD 433 billion, USD 535.8 billion and USD 668.7 billion in 2022, 2023 and 2024 respectively. The pumped hydro technology battery uses excess electricity to pump water from lower to upper reservoir.

What are the top 5 energy storage systems companies in 2024?

Top 5 companies including BYD, General Electric, LG Energy Solution, Siemens and Samsung hold a market share of over 40% in 2024. Major key players are working to develop cost-effective and wide range of ESS. Among these companies BYD is one of the largest share holding company in the energy storage systems industry.
