

How much can you store

How much does a storage unit cost?

The average storage unit size is approximately 10 x 10 feet (or 100 square feet). These medium-sized units cost around \$150 per month and can often fit belongings from 1 to 3 bedrooms. What size storage do I need? The size of the storage unit that you need depends on how much stuff you have.

What size storage unit should I buy?

Maybe you have a bigger mattress than a full. That moves us into the next largest category. Able to fit about two of three bedrooms' worth of furniture, medium storage units are great for both personal and commercial storage. And don't rule out outdoor items. This size range can fit motorcycles, jet skis, canoes, and kayaks.

How many square feet can a storage unit hold?

There are dozens of storage unit sizes, but they all fall into these three categories. Small units hold up to 50 square feet of belongings, medium units cap out at 150 square feet, and large units can fit as much as 300 square feet. Sizes, dimensions, and details are estimates and may vary by location.

Do you need a storage unit?

Maybe you're moving to a smaller place and need to put some stuff on ice for a while. Or you own a collection that's gotten out of hand and need to give it its own space. Storage units aren't just for the random boxes of junk you don't use anymore. When you use a storage unit correctly and efficiently, you can store most items in them.

What can you store in a storage unit?

A storage unit can be an ideal space to keep these items, including larger mobility devices like kayaks, canoes, jet skis, or dirt bikes. Smaller equipment, such as tents, sleeping bags, backpacks, and other camping supplies, can also be safely stored away during the off-season.

Which storage unit is best for your home?

Storing your electronics and media like computers, TVs, stereos, DVDs, and CDs requires extra consideration. These are maintenance-intensive items sensitive to extreme temperatures and humidity, so a climate-controlled storage unit is best. Here are six appliance storage tips to stick to:
