

# How to check beats solo 4 battery

How do I Check my Beats Solo battery health?

To check the battery health of your Beats Solo headphones, first connect them to a device via Bluetooth. Once they are paired, you can typically view the battery percentage from the device's Bluetooth settings or in the audio control panel.

How do I know if my Beats Solo is charging?

**Connect Your Headphones:** Make sure your Beats Solo are connected to your device via Bluetooth. **Open the App:** Once connected, open the Beats app to view detailed information about your headphones, including battery life and charging status. The app will show you whether your headphones are charging and, if so, the percentage of battery remaining.

How do I Check my Beats battery level?

**Tip:** To quickly view your battery level on your iPhone or iPad screen, briefly press the system button on Beats Studio Pro or Beats Flex, or the power button on Beats Solo 4. The battery levels are displayed at the top of the My Devices list. You can monitor the charge level of your headphones, earphones, or speakers in the Beats app for Android.

Do Beats Solo 4 headphones need a battery?

Using the 3.5 mm audio cable to listen doesn't require a battery, so if your Beats Solo 4 headphones are out of charge, you can still enjoy all-day playback. If you turn your headphones on and the indicator light turns on but doesn't flash, your headphones are already paired with a device.

How do I Reset my Beats Solo 4?

If you have sound, Bluetooth, or charging issues with your Beats Solo 4, you might want to reset your headphones. To turn off your Beats Solo 4, press and hold the power button for 1 second. Battery life depends on device settings, environment, usage, and many other factors.

How do I connect my Beats Solo 4 to a different device?

In that case, follow these steps to connect your headphones to a different device. With Bluetooth enabled on your iPhone or iPad, press the power button on your Beats Solo 4 for 3 seconds. On iPhone or iPad, the right ear cup flashes white. Select your Beats Solo 4 from the list of discovered Bluetooth devices.

**How to Check Battery on Beats from Bluetooth Settings** If for some reason, the tab displaying the headphones does not appear, you can still view your Beats battery percentage in your iPhone's settings.

**Charge your Beats Solo 4** To charge your Beats Solo 4, plug them into a power source using the included USB-C to USB-C cable. As your Beats Solo 4 charge, the light on the right ear cup ...
