

Industrial park r

What is an industrial park?

An industrial park can be thought of as a more heavyweight version of a business park or office park, which has offices and light industry, rather than heavy industry. Industrial parks are notable for being relatively simple to build; they often feature speedily erected single-space steel sheds, occasionally in bright colours.

What is an example of an industrial park?

One such example is the large number of industrial estates located along the River Thames in the Thames Gateway area of London. Industrial parks are usually located close to transport facilities, especially where more than one transport modes coincide, including highways, railroads, airports and ports.

Do industrial parks have a development focus?

Through the analysis of the evolution of industrial park policy-issuing agencies and policy themes, it is evident that, as pilots for implementing national priorities, the development focus of industrial parks has gradually shifted.

What makes a good industrial park?

For instance, a well-designed industrial park might feature production units alongside storage facilities, ensuring efficient and seamless operations from manufacturing to transportation. An excellent example illustrating the dynamics of an industrial park is the Wilmington Industrial Park in Los Angeles.

How has industrial park research evolved in the past 30 years?

In the past 30 years, industrial park research has developed rapidly. Understanding the evolution and orientation of industrial park research has become a pivotal goal for scholars. Based on 1823 papers on industrial parks from SCIE and SSCI databases, we identified research patterns and hotspots from 1987 to 2016.

What are the hot topics in industrial park research?

Industrial park research focused primarily on "China", "system", "heavy metal", and "eco-industrial park" from 1987 to 2016. Those keywords are the hot topics in industrial park research. The research findings can demonstrate the development process and provide trends for reference for industrial park researchers.
