

Is goldwind energy storage technology a state-owned enterprise

Where is Goldwind based?

Installations out of China are mostly in Australia (near 2 GW), Brazil (>1 GW), Chile, US, Pakistan, Egypt, Uzbekistan, Vietnam, South Africa, Thailand. Goldwind has expanded its activity with the aim of becoming a global player in any kind of energy system including the integration of solar energy + wind + BESS.

Does Goldwind own a wind farm?

Goldwind Americas also manages and operates the company's Panamanian team, which oversees the Penonome I and Penonome II wind farms totaling 270 MW, and the Chilean service operations team. Goldwind Australia is the Australian subsidiary that owns and operates both wind and solar energy farms in Australia.

How many employees does Goldwind have?

With offices and facilities throughout Asia, Europe and the Americas, Goldwind employs over 10,000 staff, combined, has an installed capacity base reaching almost 140 gigawatts (GW) across six continents. Goldwind is principally engaged in research, development, manufacturing and marketing of large-sized wind turbine generator sets.

Who founded Goldwind?

Goldwind was founded by Wu Gang as part of China government's 863 Program and was funded by the state. The funding helped Goldwind open its first assembly plant in Urumqi and sign technology transfer agreement with a German turbine manufacturer Vensys.

Who makes Goldwind wind turbines?

In 1998 Goldwind started the production of Jacobs 43/600 and Jacobs 48/600 turbines. This German wind turbine with conventional geared drive train is similar to HSW600 and was designed by aerodyn Energiesysteme GmbH. Later the design has been geared to Jacobs 48/750 and Goldwind by the German engineering consultancy aerodyn.

Who is Goldwind Americas?

Goldwind Americas, a wholly owned subsidiary of Goldwind Science & Technology Co., Ltd., is based in Chicago, Illinois, and currently [when?] employs approximately 100 individuals. Goldwind Americas (Goldwind USA, Inc.) has installed approximately 500 MW of PMDD turbines.
