

Why is energy storage subsidy important in Poland?

Energy storage subsidy programs are crucial to stabilizing Poland's electricity grid. An increase in the number of storage installations affects the flexibility and reliability of the power system. Balancing energy supply and demand. Reducing the load on the grid during peak hours. Integration of renewable energy sources (RES).

Does Poland need a state aid package for energy storage?

A panel discussion on the Polish market at the recent Energy Storage Summit CEE in Warsaw. Image: Solar Media The European Commission (EC) has approved a EUR1.2 billion (US\$1.32 billion) state aid package for Poland to support the deployment of electricity storage facilities.

Will energy storage subsidy programs accelerate Poland's energy transition?

The development of energy storage subsidy programs in 2024-2025 has great potential. The planned activities will accelerate Poland's energy transition, supporting the development of technologies and the creation of new jobs in the energy sector. Energy storage subsidy programs are crucial to stabilizing Poland's electricity grid.

Will Poland increase subsidy levels for PV & storage installations?

Poland's government has revealed that it will increase subsidy levels for residential PV and storage installations under the "My Electricity" (Prąd Moja Energia) rebate scheme. As of Dec. 15, the subsidy for solar will be raised from PLN 4,000 to PLN 6,000.

Will Poland raise solar subsidy levels in December?

The Polish government will raise subsidy levels for rooftop PV and storage systems from December under its "My Electricity" (Prąd Moja Energia) scheme. The rebate for solar will increase from PLN 4,000 (\$888) to PLN 6,000 and will more than double from PLN 7,500 to PLN 16,000 for storage.

What is Poland's energy policy until 2040?

For this reason, on March 29, 2022, the Council of Ministers adopted the principles for the update of the "Poland's Energy Policy until 2040" (PEP2040), which are aimed at strengthening energy security and independence in the context of the new situation.
