

Shore station solar battery charger

Are solar boat lift charging kits available?

Solar boat lift charging kits available in various wattages for 12v or 24v DC powered systems. If you need a solar powered boat lift, then check out our options for boat lift solar panel kits.

Can I use shore power to charge my batteries?

While shore power can be ideal, it's not feasible if you want to venture away from the dock. You would need to have a very long extension cord! This is where battery power comes in. But before you leave for your next excursion, it's important to know that you can use the shore power to charge your batteries.

What solar charging options do you offer?

We offer a diverse range of solar charging options for your Boat Lift, Watercraft, PWC Lift and Dock. You will find complete Solar Panel Kits that include mounting brackets and optional battery trays, as well as individual solar panels, parts, and accessories that help keep your DC power supplies charged at your lakefront all year long.

Are shore station boat lifts backed by a warranty?

All ShoreStation® Hydraulic and Electric boat lifts are backed by the best warranty in the industry. Our unique design significantly reduces cable stress and keeps your lift working properly for years to come. CUSTOM BOAT SUPPORT & GUIDE OPTIONS *Exclusive UltraBunks | Heavy Duty wood-carpet bunks boat guides

Are solar panels a good alternative to Electric Boat lifts?

Kits come complete and ready to install with a solar panel, mounting hardware and choice of battery tray. 12v and 24v battery solar panel systems are a great alternative to AC powered electric boat lifts especially when AC shore power is not an option. For general questions, review our solar panel overview video below.
