

Solar and battery system northamptonshire

Does Northamptonshire have a solar energy system?

The SEG has been set by the Government for energy companies with 150,000 or more customers to offer a tariff and make payments for surplus energy fed back to the grid. Northamptonshire, and particularly Northampton, is well suited to solar energy due to its lower than average rainfall / cloud coverage compared to many parts of the UK.

Is Northampton a good place to install solar?

Northamptonshire, and particularly Northampton, is well suited to solar energy due to its lower than average rainfall / cloud coverage compared to many parts of the UK.
