

Solar batteries darwin

Can you install a solar battery in Darwin?

Darwin households looking to install a solar battery may be eligible for a grant of \$400 per kilowatt-hour of battery capacity, up to a maximum of \$12,000, claims the NT Government. Eligible homeowners must be in the NT and install a battery that is virtual power plant capable and on the government list of eligible batteries.

Are solar panels subsidised in Darwin?

This means that solar installation in Darwin is subsidised more than in other major cities like Sydney, Brisbane and Melbourne. Darwin households looking to install a solar battery may be eligible for a grant of \$400 per kilowatt-hour of battery capacity, up to a maximum of \$12,000, claims the NT Government.
