Who is Adelaide Solar Systems?

Adelaide Solar Systems has delivered expert solar installations and battery storage solutions to South Australian homes and businesses since 2007. Discover service you can rely on. We offer tailored solar packages to suit a range of Adelaide households. Each is backed by expert advice, professional installation, and long-term service support.

What is solar battery Adelaide?

Our solar battery Adelaide installations feature cutting-edge lithium battery technology specifically chosen for South Australia's climate. We partner with world-leading battery manufacturers like LG Chem and Enphase to provide systems that withstand Adelaide's temperature variations whilst delivering consistent performance.

How long do solar batteries last in South Australia?

When combined with available South Australian battery rebates and federal incentives, the payback period for quality battery systems is typically 6-8 years, with systems lasting 10-15 years or more. Our solar battery Adelaide installations feature cutting-edge lithium battery technology specifically chosen for South Australia's climate.
