Where can I buy solar panels in Tasmania?

Tasmania's largest hub for energy-saving products, solar panels, batteries, EV chargers & more - located in Glenorchy and supported by high-quality, local installers and service crews. We are the local authorised dealer of Australian-made Tindo Solar solar panels and the Award-winning Evoheat Evo270-1 and Evo150-1 - all on display on our showroom.

Why are Tasmanians investing in home batteries?

As a result, more Tasmanian households are now investing in home batteries to protect themselves from rising electricity costs. By storing excess solar energy in a home battery, that energy can be used during peak times instead of relying on the grid, potentially leading to significant cost savings.

Are solar panels a viable option in Tasmania?

In a similar trend to mainland Australia, solar power system prices in Tasmania have been on a downward trend for several years, making solar panels an increasingly feasible option for households in urban centres like Hobart and Launceston, and right across the state.

Can you save money with rooftop solar & a home battery system?

The amount you can potentially save with rooftop solar and a home battery system is subject to several factors. This includes where you live in Hobart or Tasmania, the orientation and setup of your solar panel system, the size of the home battery, and, of course, your household's energy consumption habits.
