

# Solar button batteries

Are 40h button cell rechargeable batteries good for solar lights?

Want it faster? The 40H Button Cell Rechargeable Batteries are excellent for Solar lights as well as custom battery packs.

What are button batteries?

Button batteries, also known as coin batteries, are small in size and are commonly used in various devices. However, their small size makes them a risk for ingestion by children.

Where to buy solar products & batteries?

However, if you are looking for the best and high-quality solar products and batteries, then you can buy them from the two sources of points: manufacturer and distributor. Furthermore, purchasing products or goods from manufacturers is called direct purchasing while buying products or goods from distributors is called indirect purchasing.
