Does Melbourne offer a solar panel rebate?

Trust us for reliable, affordable, and efficient services for solar system Melbourne. The Victorian Government offers a solar panel (PV) rebate to help homeowners install solar systems and cut energy costs. Victorians can get up to \$1,400 off solar panel installation, plus an optional interest-free loan.

Are solar panels available in Australia?

There are various brands available in the Australian market right now. Most panels are manufactured in China, however some are more reliable than others due to their presence in Australia. We have shortlisted a range of panels based on efficiency, performance, warranties, local presence and reviews of our customers.

Can you get a solar rebate in Victoria?

The Victorian Government offers a solar panel (PV) rebate to help homeowners install solar systems and cut energy costs. Victorians can get up to \$1,400 off solar panel installation, plus an optional interest-free loan. To be eligible, you must own a home under \$3 million, earn under \$210,000, and not have claimed the rebate before.

Batteries allow you to store your excess solar energy and use it when you need instead of sending it to the grid. At night time, when your solar PV system is not producing power, you ...
