

Solar phone battery charger reviews

Should you buy a portable solar battery charger?

A portable solar battery charger is a great option if you're taking an extended camping trip or traveling somewhere with an unreliable power grid, as it'll allow you to charge a phone the size of an iPhone 15 using just a few hours of midday sun.

Are solar phone chargers a good idea?

Solar phone chargers are a great way to stay powered up on the go. They are portable, lightweight, and can be used to charge your phone or tablet. Whether you're an outdoor enthusiast or simply looking for an eco-friendly way to charge your devices, read our list of the best solar phone chargers and power banks.

What is a solar phone charger?

Solar phone chargers are portable power banks with USB-A or USB-C outlets that can be used to charge your phone or other devices on the go with solar energy. These machines are popular with outdoor athletes, like hikers and backpackers, but they're also used by everyday individuals who want access to power wherever they are.

What is the best solar phone charger?

BigBlue, a prominent name for solar technology solutions, introduces the BigBlue SolarPowa 28 (without ammeter) solar charger. It is among the best solar phone chargers that excels in energy conversion when exposed to enough sunlight and is ideal for road trips, sailing adventures, beach getaways, or camping trips.

How many devices can a solar phone charger charge?

With four large, high-performance solar panels and 15 watts of energy output, this charger can power up to three devices pretty efficiently. According to the company, it can charge a supported device to 50% in 30 minutes. This solar phone charger is heavier than others on this list, so it may not be best for those who already have a heavy pack.

Can a portable solar charger charge multiple devices at once?

In addition to being able to charge multiple devices at once, it also offers wireless charging if your phone is Qi-enabled. At just under seven inches, this portable solar charger is small enough to pack in your backpack, so toting it along on your next outdoor trip is a no-brainer.
