

Spark solar battery

What is a spark solar kit?

Provide access to clean, safe and sustainable energy with the Spark Solar Kit. Every Solar Kit is part of a complete ecosystem consisting of the products, our PayGo integrated Spark portal and on-site support. Thanks to its modular nature, the ecosystem grows along with the development of the village and needs of our partners.

Who is spark solar?

A team of bright sparks redefining solar at home. The Spark vision is to take the standards of the residential solar industry and redefine them. Founded by a team with 3 decades of experience, our goal is prioritising both products and service and placing the customer at the forefront of our ethos. We don't offer off-the-shelf solar systems.
