

Surrette solar batteries

Where is Surrette Battery located?

Surrette Battery is located in Nova Scotia, Canada. Since 1935, Surrette Battery Company and Rolls Battery Engineering have been producing premium deep cycle batteries for railroad, marine, motive power and renewable energy markets. Rolls flooded deep cycle batteries are excellent for off-grid or solar backup systems.

Are Surrette batteries good?

Surrettes have the well earned reputation for building one mean battery. Their red solar batteries are the preferred storage solution for solar systems in both Canada and the US. It's a reputation based on capacity, cycling performance and long life. What makes a Surrette battery better?

What is Surrette rolls battery?

Surrette Rolls Battery (Surrette Battery Company Ltd.), are proud to be one of North America's leading lead-acid battery producers and Canada's only remaining independent battery manufacturer. They produce a wide range of Rolls-branded premium deep cycle batteries for use in Renewable Energy, Marine, Motive Power and Railroad applications.

Who makes Surrette Battery?

Rolls Battery Engineering is the battery brand for Surrette Battery Company Ltd. Surrette Battery was established in 1935. They are North America's leading lead-acid battery producer and Canada's single independent battery manufacturer. Surrette Battery is located in Nova Scotia, Canada.

Are rolls Surrette batteries a good battery?

As most Rolls Surrette batteries are built to order, there can at times be a delay of 2-4 weeks before orders are shipped. The S-550 by Rolls Surrette is one of the most popular batteries to use for deep cycle backup. Offering 428AH at the 20hr rate the S-550 offers high capacity at a good price.

How long do Surrette rolls batteries last?

Surrette Rolls batteries stand out in their vertical for high cycle life, and the company shows it by backing them with up to 10 year warranties on select models. Rolls batteries are known to last up to 15 or 20 years if your battery bank is sized properly, and maintained correctly.

The new generation of batteries utilizes dual container construction. Each cell is assembled in its own inner container made of high temperature retardant, durable polypropylene with the inner ...

The new Surrette Rolls S6 L16 HC (formerly S-550) is an improved 6-Volt deep cycle battery with 445 Amp Hour capacity at 20 hour rate. It features thick, positive plates and large liquid reserve for high cycles.

Surrette solar batteries

We recommend the S-550 for use in Solar backup systems, off grid configurations, and any other application that requires large capacity deep cycle storage. Rolls Batteries are made in North America and are made to the ...

The new Surrette Rolls S6 L16 HC (formerly S-550) is an improved 6-Volt deep cycle battery with 445 Amp Hour capacity at 20 hour rate. Surrette Rolls S6 features thick, positive plates and large liquid reserve for high cycles.

Rolls Surrette takes the Group 24 size battery to even higher levels by improving the capacity and service life. This battery is heavier than the typical Group 24 type, and is unsurpassed in ...

Rolls Surrette Stationary, Deep Cycle Batteries available for Solar Panel Photovoltaic, Inverter, Renewable Energy, Alternative (Alternate) Energy and Standby (Stand By) Battery ...

Rolls Surrette Stationary, Deep Cycle Batteries available for Solar Panel Photovoltaic, Inverter, Renewable Energy, Alternative (Alternate) Energy and Standby (Stand By) Battery Applications. DC Battery Specialists is the ...

Surrette Rolls Battery (Surrette Battery Company Ltd.), are proud to be one of North America's leading lead-acid battery producers and Canada's only remaining independent battery ...

The Rolls Surrette S2 L16 Ah flooded deep cycle battery boasts industry-leading reliability and longevity. A perfect battery for off-grid power systems.

To maximize capacity per size, Rolls Surrette batteries are open cell, flooded plate technology batteries. Rolls Surrette Battery manufactures an extensive battery line: Marine deep cycle batteries, diesel starting batteries, standby ...

The Rolls Surrette S6-L16 HC deep cycle batteries feature a high cycle life with thick, positive battery plates and a large liquid reserve. With a higher total capacity than the S480, Rolls ...

Since 1935, Surrette Battery Company and Rolls Battery Engineering have been producing premium deep cycle batteries for railroad, marine, motive power and renewable energy ...

We recommend the S-550 for use in Solar backup systems, off grid configurations, and any other application that requires large capacity deep cycle storage. Rolls Batteries are made in North ...

That's over 80 years of experience in the deep cycle battery market! Their batteries are used in a wide range of industries including railroad, marine, industrial & commercial, motive, and renewable energy. The Rolls Surrette line ...

Surrette solar batteries

Surrette Battery Company Ltd. Established in 1935, is proud to be one of North America's leading lead-acid battery producers and Canada's only remaining independent battery manufacturer.

Since 1959, the company has been located in Springhill, Nova Scotia, where we produce a wide range of Rolls-branded premium deep cycle batteries for use in Renewable Energy, Marine, ...

Rolls premium deep cycle lead-acid batteries, and LiFePO4 lithium options, offer reliable and long-lasting energy storage solutions for Marine, Motive Power, Railroad & Renewable Energy ...

Surrettes have the well earned reputation for building one mean battery. Their red solar batteries are the preferred storage solution for solar systems in both Canada and the US.

MADE IN CANADA The Rolls S-550 lead-acid is among the most popular batteries for small and mid-size home energy systems! Surrette's quality, long life, high capacity and reliable ...

The Rolls Surrette Deep Cycle Battery features a high cycle life with thick positive plates and a large liquid reserve. Rolls Surrette takes the L-16 size battery to new levels by improving the ...

Products & Systems Surrette Batteries Rolls premium deep cycle batteries deliver dependable energy storage solutions for Marine, Motive Power, Railroad & Renewable Energy applications.

Surette Rolls Battery has been manufacturing Rolls-branded premium deep cycle lead acid batteries for over sixty years. They are repeatedly chosen for a multitude of applications, ...
