

Wellington energy storage container production and customization

Do you know the Wellington storage centre?

Yes, you know the one! The Wellington storage centre is just 1.8 km from the Wellington GPO and inside you will find six levels of high quality self storage units with generous, clean, bright corridors which are proudly cared for by our dedicated Wellington Storage team.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

How can a mobile energy storage system help a construction site?

Integrate solar, storage, and charging stations to provide more green and low-carbon energy. On the construction site, there is no grid power, and the mobile energy storage is used for power supply. During a power outage, stored electricity can be used to continue operations without interruptions.
