

West african forklift energy storage battery manufacturer

Which battery brand is most popular in East Africa?

6. Chloride Exide(Kenya) Chloride Exide is East Africa's most established battery brand. Though traditionally known for lead-acid batteries,they are expanding into lithium-ion and hybrid storage for rural and peri-urban energy needs.

Can a forklift battery be recycled?

There are no surprise cell replacements during the warranty period. Even once the battery drops below the recommended minimum 65% state of charge,it can be redeployed into a lighter forklift application,and then still have enough energy for a third lifespan as an energy storage battery before recycling even needs to be considered.
